DETAILED ACTION

1. This allowance is in response to the after final filed on: 06/02/2011.
2. Claims 1, 18, 49, and 66 are amended. Claims 24-46 and 48 are cancelled.
Claims 1-23, 47, and 49-72 are pending.

Allowable Subject Matter

3. Claims 1-23, 47, and 49-72 are allowed.

The following is an examiner's statement of reasons for allowance:

With respect to the independent claims (1, 18, 49, and 66), they now include language (specified in the after final amendments) that further clarify/specify that a user uses a user interface to map/associate *names* of parameters with *names* of other types of parameters, such that the mapping of names is used to determine how components are inserted/selected or behave within a portlet. The new amendments, in combination with the order in which the mapping is used help distinguish the applicant's invention from the prior cited art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
